Career Day

Career Day and Careers on Wheels will be on Thursday, March 12th from 8:30 a.m. to 10:30 am. Career Day involves having a variety of speakers come to the school and speak to the students about their careers. We will also have careers with exhibitions outside that involve vehicles or equipment /animals that are used in their everyday job. By starting career exploration at a young age, students can begin to understand the many opportunities they will have for their own future careers. In addition, students will begin connecting the education they are receiving now and how it will relate to their future. Parents, if you are interested in participating as a speaker or with an exhibition outdoors please contact Pauline Treviño at counselor@unitedday.org.

Mathcounts

Congratulations to our Mathcounts team and their coach Mrs. Yelderman who placed at the city-wide Mathcounts competition. They placed 4th out of 15 schools.
