March 12, 2020

Dear Parents,

As a follow-up letter to the one sent to you on March 4th, UDS continues to ensure the safety and well-being of its students and its staff. Administration is keeping up-to-date with the daily events surrounding the coronavirus. Rest assured that we are and will be in compliance with the directives placed by the CDC which are based on fact and medical science.

Although there are still no current confirmed cases of the coronavirus in our community/Laredo per the City Health Department, our custodial staff and nightly cleaning crew continue to clean and to sanitize our school. This will continue throughout spring break. We will also continue to remind our students and our staff on a daily basis to take extra precautions that have been previously mentioned and highly recommended by the Center for Disease Control and Prevention, or CDC:

1. wash hands
2. avoid touching eyes, nose, and mouth
3. avoid people who are ill
4. remain home when they are ill
5. cover mouth and nose with arm when coughing or sneezing

We encourage everyone to visit the CDC website for additional recommendations:

<https://www.cdc.gov/coronavirus/2019-ncov/about/prevention-treatment.html>.

Additionally, we will be receiving updates from the CDC, the city, and the surrounding school districts, and we will inform you of any changes/updates/information. I ask that you continue to check your email during spring break for any new school developments.

As spring break draws upon us, we ask that you take all necessary precautions and be vigilant of your surroundings whether you are traveling in the states or abroad. If you experience any flu-like symptoms (or any other illness), we do ask that you visit with your doctor immediately and before having your child/children return to school.

Our top priority is everyone's health and well-being. I wish everyone a safe and relaxing spring break and thank you for your continued support.

Thank you,

Jessica Rivera
Head of School
