## Schoology Parent Sign-Up

Parents will have access to their child's Schoology account. Please click on the attached link to watch a video on how to set-up your parent account. Student class codes for parents will be emailed to each of you individually before Monday, August 24, 2020. The codes will be sent to the email address that you provide via the survey that will be emailed this afternoon to the Newsletter group. If you do not submit a survey with your email address, we will not be able to send you your child's class code.

## Chromebook Update

We still do not have an exact date as to when our chromebooks will arrive. They informed us that it may be late September. As previously mentioned, Schoology is a web-based learning management system and is compatible with any device that runs updated versions of Chrome, Safari, or Microsoft Edge browsers. Some of these devices include, but not limited to, iPads, iPhones, Android tablets, Android phones, Chromebooks, Windows and Mac computers. If your child is having issues, please email Mr. Oser, our technology coordinator, at [aoser@unitedday.org](mailto:aoser@unitedday.org) as soon as possible to request further assistance.

## Online Learning Expectation Reminders

- Students will be required to log-in on time to each class daily.
- Students may wear any UDS t-shirt to online classes. If your child does not have any UDS t-shirts, school appropriate attire is required.
- Student cameras must be turned on at all times in order to allow teachers to take attendance, to see the students, and to answer any questions they may have.
- Teachers will be available throughout the school day to assist students with their work.
- A designated work area at home for online learning is highly recommended for your child.
- School supplies must be readily available at home for your child, allowing them to work on all assignments.
- Student grades can be checked through Schoology.
